

To: United States Bankruptcy Court Northern District of California San Francisco
Division/ Keller Benvenuti Kim LLP

Subject: **Omnibus Objection Response Claim #2974**

I, Bret Banducci, would like to object on the grounds, PG&E did cause damage to my property at 1958 Ridgewood Dr. in Eureka, California starting 4/19/2018. PG&E promised to fix the damage from tree removal, but filed for Chapter 11 Bankruptcy, not allowing them to fund the project as promised. PG&E has documentation that supports my claim.

I have further documentation that was submitted with my original claim that I am more than happy to submit again as documentation. Furthermore, I declare under penalty and perjury that the facts and statements are true to my claim. PG&E has provided me with a statement, verifying they have all documentation that is in favor and supports my claim in being resolved and or settled.

Please feel free to contact me with any questions.

Best Regards,

Bret Banducci

Leah,
Thank you for your response. I should be able to get everything from Travis at this point. I have been dealing with this for sometime as it is wrapped up in the courts. They have denied my claim as of now so I have to file an objection. This seems to be the way this process works, unfortunately. I am trying to obtain any documentation to support my claim. Someone at some point may reach out to you or Travis for a statement to support my claim in addition to the documentation that supports it as well.

Regards,
Bret Banducci

Good morning Bret,

I sent all of the documentation I had regarding this work to Travis Springer, the VPM in Humboldt. I believe he was working with you to help resolve this. Do you need anything else from me? I was not able to find any photos of the damage or the leaning trees, unfortunately.

Thanks,

Leah Marshall

Leah,

Hope this email finds you well. I received results back from my PG&E court claim that states there was no evidence/documentation of damages at my residence during the tree removal. Can you provide documentation for me to submit to the court.

Thank you very much. The tree work originally took place 4/19/2018. Let me know if that supports your records.

Best,

Bret

Good afternoon, Bret.

I enquired with our claims department and they sent me a copy of the attached letter that was mailed to you on 4/4/19. Apparently, you will have to refile the claim with the Bankruptcy Court. All the information for how to do that is contained in the letter.

Please let me know if you have any questions.

Thank you,

Leah Marshall

Leah,

I still haven't heard anything and was wondering how to proceed on the paving job. If you have any information that would be helpful.

Thanks,

Re: Claim Number: 2018432845

Dear Bret Banducci,

Thank you for submitting your claim. On January 29, 2019, (the "Filing Date") PG&E filed for Chapter 11 in the U.S. Bankruptcy Court for the Northern District of California.

Under Bankruptcy Court rules, claims related to matters occurring prior to the Filing Date are required to be addressed as a part of the Company's Chapter 11 case. As a result, if your claim is related to matters occurring prior to the Filing Date, you will need to refile your claim directly with the Bankruptcy Court.

Information and documents related to the Company's Chapter 11 cases, including information regarding how to file a claim, will be available on a website administered by our claims agent, at <https://restructuring.primeclerk.com/pge>. In addition, you can call the Restructuring Hotline at 844-339-4217 (for calls originating outside of the U.S. please dial +1 929-333-8977) or you can send an email to pgeinfo@primeclerk.com.

Please note that based on information currently available, it is anticipated that any claims submitted for incidents occurring on or after January 29, 2019, will be handled in the normal course.

We regret any inconvenience this process may cause and we remain committed to working with you to address any issues you may have.

Sincerely,

Jodi Zamora
